PREFACE

In presenting to our patrons our Gazetteer and Directory of the Province of Ontario, we hope to meet with their approval. We have endeavored to obtain the best information and embody in our work all that will be useful to the business and professional men.

We have also tried to make the work as concise as possible leaving out all that would make it bulky without adding to its value

We have spared neither pains nor expense in its compilation and we trust that our patrons and the public generally will appreciate our efforts

Errors will necessarily creep into so extensive a work but we believe they will be found to be few

Thanking our patrons for their support, and hoping our work will merit a continuance of it, we remain,

Respectfully Yours

THE PUBLISHERS

NOTICE !

Our Customers frequently complain that their copy of the Directory gets lost through loaning it to their neighbors

You will be conferring a favor on them by refusing when the request comes, as they may save more than the price by having a copy at hand at all times

You will also SAVE MONEY for Yourself by having it where You can put Your hand on it at any moment

CROWN PERFECTION RANGE

The CROWN PERFECTION RANGE IS OUR LEADER

AMONG ITS MANY POINTS OF EXCELLENCE ARE :

All loose nickel trimmings, can be lifted off.

Reservoir Stoves all fitted with perfection rounded bottom copper tanks

Improved flue construction forcing heated gases against every part of oven plates

Thermometer supplied when ordered

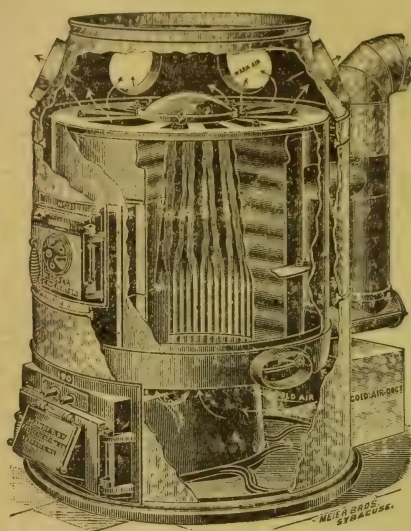

THE TWO WALLED OVEN

The back flue extends over entire back of oven and outside air is thereby prevented from coming in contact with inner oven walls. We believe that 30 per cent of fuel can be saved in reaching a desired result

Write for Our Catalogue and Prices

THE JAMES SMART MFG. CO.
(LIMITED)
BROCKVILLE, ONT.

WARMING SPECIALTIES

KELSEY WARM AIR GENERATORS

(PAT'D)

HEAT MAKERS
FUEL SAVERS

Saves Money Each Year

3 TIMES AS MUCH HEATING SURFACE
3 TIMES AS MUCH AIR CAPACITY

} AS THE ORDINARY
HOT AIR FURNACE

SOME OF ITS GOOD POINTS

It is most simple in construction and easily managed and controlled

It is better than any steam or hot-water-system

Its construction makes it most durable, has no solid caldron fire-pot to crack or burn out

When in operation the hot air pipes are warmer than the smoke pipe, and casing does not get hot

The heat is sent where it is needed and there are no hot cellars

It will warm rooms on a level with itself and rooms distantly located as well as those close by

It has more square feet of radiating surface, therefore more economical

It furnishes the proper amount of mild, warm, healthful air

It has more capacity for warm air, consequently gives you more perfect ventilation

It weighs more than twice as much as ordinary hot air furnaces and as a result is more durable

IT ASSURES TO THE USER

Most heat with the least fuel

Pure air free from gas and dust

Hot water for conservatories and kitchen range boilers

Most comfortable conditions, and satisfactory results with the proper size of Generator properly installed

We take Contracts direct and Guarantee Proper Results
Write us before deciding

Parcels G A, saw mill

CHATHAM

A thriving city, situated at the head of navigation on the river Thames and on McGregor's Creek which here flows into that river and at the crossing of the Grand Trunk the P M and Canadian Pacific Rys and an electric line to Wallaceburg and Lake Erie, at the intersection of the townships of Chatham, Dover Harwich and Raleigh in Kent county of which it is the county seat. It is

located in the centre of a rich agricultural district, was settled in 1827 and was incorporated as a town in 1851 and as a city in 1895. Has several important industries including flour, saw, woolen mills, fanning mill factory, carriage works and largest wagon factory in the Dominion also engine and boiler works, automobile factory, canning works, foundries and machine shops. A Collegiate Institute, public schools, a convent and free library an opera house, several chartered and private banks, 2 public parks and 2 newspapers, the Planet daily and weekly and the News daily and weekly. Grain, flour, produce and the products of the various manufactures are shipped. The city is lighted with electric light and has a first class system of waterworks, which is owned by the city, a first class fire dept with electric alarm system. Steamboats run tri-weekly to Detroit and Windsor giving water communication with the great lake system. Assessed value of real and personal property about 5,000,000. Telegraph telephone, express. Distance from Toronto 180, from Windsor 46 miles from London 60. Population about 14,000, Samuel Barfoot p m

'Phone 690 38 Ouellette Ave., Windsor

THERE ARE—
TEN THOUSAND PEOPLE
IN THE—
C O B A L T C A M P

AND THERE WILL SOON BE TWICE TEN THOUSAND.

There is one local weekly newspaper—just one—in the camp.

The ten thousand do not all read it. Some of them cannot read, and others cannot read English. Still others just don't read, because it's too much trouble.

But there are a whole lot who can and do read and take an interest in things local—and tell the other element what is in the local paper—ads. and all.

Most of the ten thousand are workers—members of the great consuming public to whom the advertiser must always look for his returns.

The one local weekly paper takes a special interest in these workers, and prints their news—the only paper in the district that does.

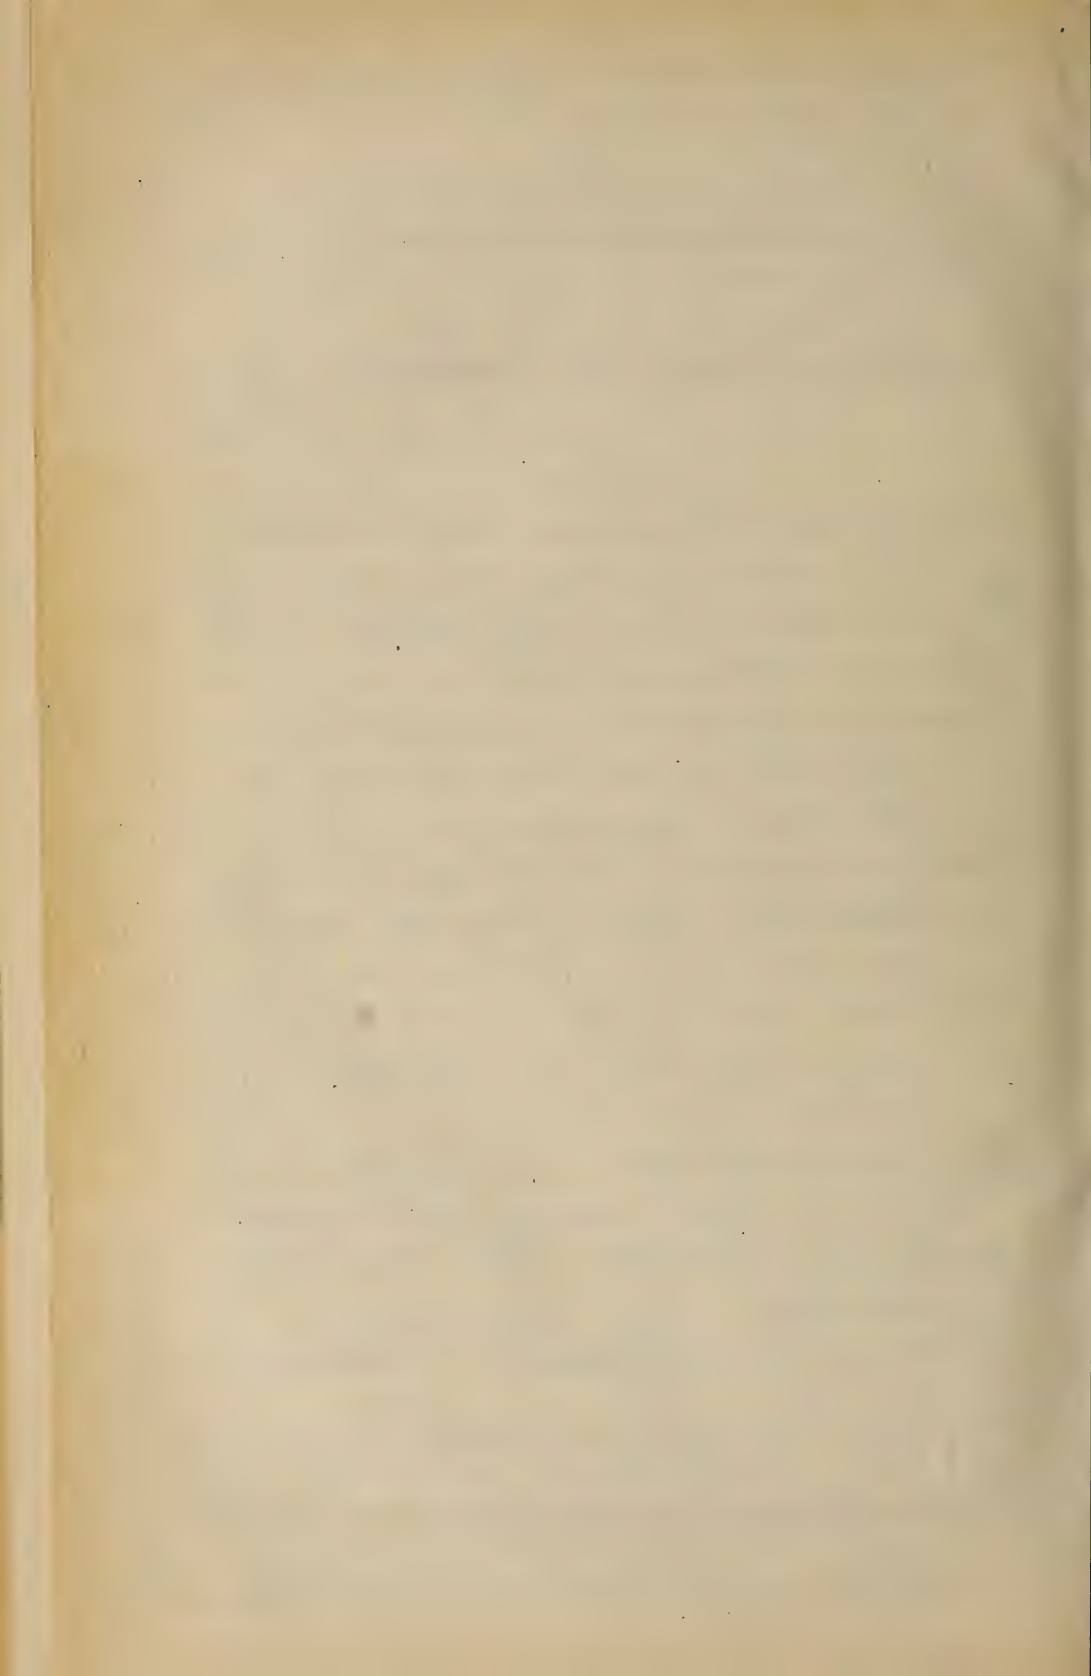

And it has the strongest, brightest and most progressive Editorial Page in New Ontario—a page that is quoted far and wide.

For which reasons advertising in this one local weekly paper will produce results.

The name of the one local weekly paper in the Cobalt camp is

FORT WILLIAM

The city of Fort William occupies an interesting situation on the level plain, skirted on the west and south

east by a picturesque range of hills on the north and east by Thunder Bay on Lake Superior, into whose bosom the historic Kaministiquia River empties its flowing waters, giving Fort William the unique distinction of being one of the finest harbors on the lakes. In 1805 a Fort was erected by the Hon William McGillvray and called Fort William and in a few years it became of such importance that no fewer than three thousand Traders, trappers and families assembled there. The advent of the C P R in 1884, and the establishment of its terminal works in 1890, together with the building of the Canadian Northern Railway and the settlement of the Grand Trunk Pacific Terminals mark Fort William's commercial destiny as second to no other point in Dominion of Canada. The plow of the western settler has only just stirred the edges of the great prairies, yet Fort William has already become the Lake terminus of the Canadian Pacific Railway systems with a grain elevator capacity of (including the new G T R elevator), nearly 25,000,000 bushels. Fort William is destined to be a great Commercial centre. Among the large concerns doing business here are the Ogi vie Four Milling Company, The Canadian Iron Foundry Co. The Copp Steel Range and Furance Company. The Kaministiquia Power Co with 100,000 horse power available and other industries arranging for settlement, mark a clear and definite commercial destiny. There are eight chartered banks and two private banks doing business in the City. The population of Fort William is 14,000, and the assessment for 1909 was upwards of twelve millions, A D Sutherland p m

GANANOQUE

An incorporated town 178 miles east of Toronto on the Gananoque river, at its confluence with the St Lawrence river, and on the short branch road, the Thousand Island R R, connecting with the G T R. 4 miles north in Leeds township, Leeds county 32 miles south west of Brockville the county seat. It has agricultural implement works, flour and planing mills, handle factory, river works, foundry, spring and axle works, nail, hinge and hardware manufacturers, etc, now in operation It contains high and public schools, two opera houses, two banks and two weekly newspapers, the Journal and the Reporter. The principal ship-

ments are agricultural implements, carriage springs, etc. The town has a good water works system, volunteer fire brigade and electric light. Granite of good quality is quarried in the vicinity. The steamboats of R & O N Co, and other lines plying on the lakes and river St Lawrence call regularly here. Stages during winter daily to Kingston 18 miles west. Ferry daily in summer to Clayton N Y 9 miles south calling at Thousand Island Park. Alexandria Bay etc. Telephone, telegraph, and express. Population 4091. T P Richardson p m

HAMILTON

Situated on the south west shore of Hamilton Bay, at the extreme western end of Lake Ontario and occupies a commanding position on a slightly elevated plain, at the foot of what is locally known as the "Mountain", a range of hills that nearly encircle the city, in Barton township, Wentworth county, of which it is the county seat. It has besides the water routes of the lakes the mainline of the southern division of the G T R, running to Suspension Bridge, and the G W division of Windsor, the Toronto line of the same road & the N & N W division giving access to Lake Erie, the Georgian Bay and the Muskoka and Parry Sound district. Is connected with the M C R and C P R by the

T H & B Ry and has electric railway to Grimsby, Beamsville, Burlington and Dundas, affording direct transport for its manufactured products to all important points of the railway & steam navigation systems. The city has a large number of manufacturing establishments of various descriptions, the products of which form the staple of her export trade. On Main street is located the court house, a fine building erected by the county in 1879 at a cost of \$120,000, and on James st north a handsome city hall. The Provincial Asylum for the Insane on the Mountain is the finest building of that description in the Dominion and has accommodation for 920 patients. It is reached by a railway running up the Mountain, from James street. A magnificent building for the use of the P O Customs and Inland Revenue departments is situated on King street. The churches are in general, handsome specimens of architectural skill. The school system is very complete and comprises 18 public, 7 separate schools, and a collegiate institute also a number of private educational establishments. The City has a public library in a handsome building on Main street. It also contains opera houses, 12 chartered banks with branches in different parts of the city, 3 daily newspapers The Times, Spectator and Herald, the two former issue weekly editions. The city is lighted with electricity and gas has an excellent water supply, the water being pumped from Lake Ontario about 5 miles distant to a large reservoir on the mountain. The Bell Telephone Company have their headquarters here for Ontario. During navigation, daily lines of steamboats connect Hamilton with

all the ports of the great lakes and the river St Lawrence. The Desjardins canal gives water communication from Hamilton Bay to Dundas. Assessed value of real and personal property about \$35,000,000. Telegraph G N W and C P R, express. Dominion, American and Canadian. Distance from Toronto 39 miles, from Montreal 372 miles, from Detroit Mich 187 miles, from New York City 488 miles and from Suspension Bridge 40 miles. Population about 56,000 Adam Brown p m

VERIBRITE VENOIL

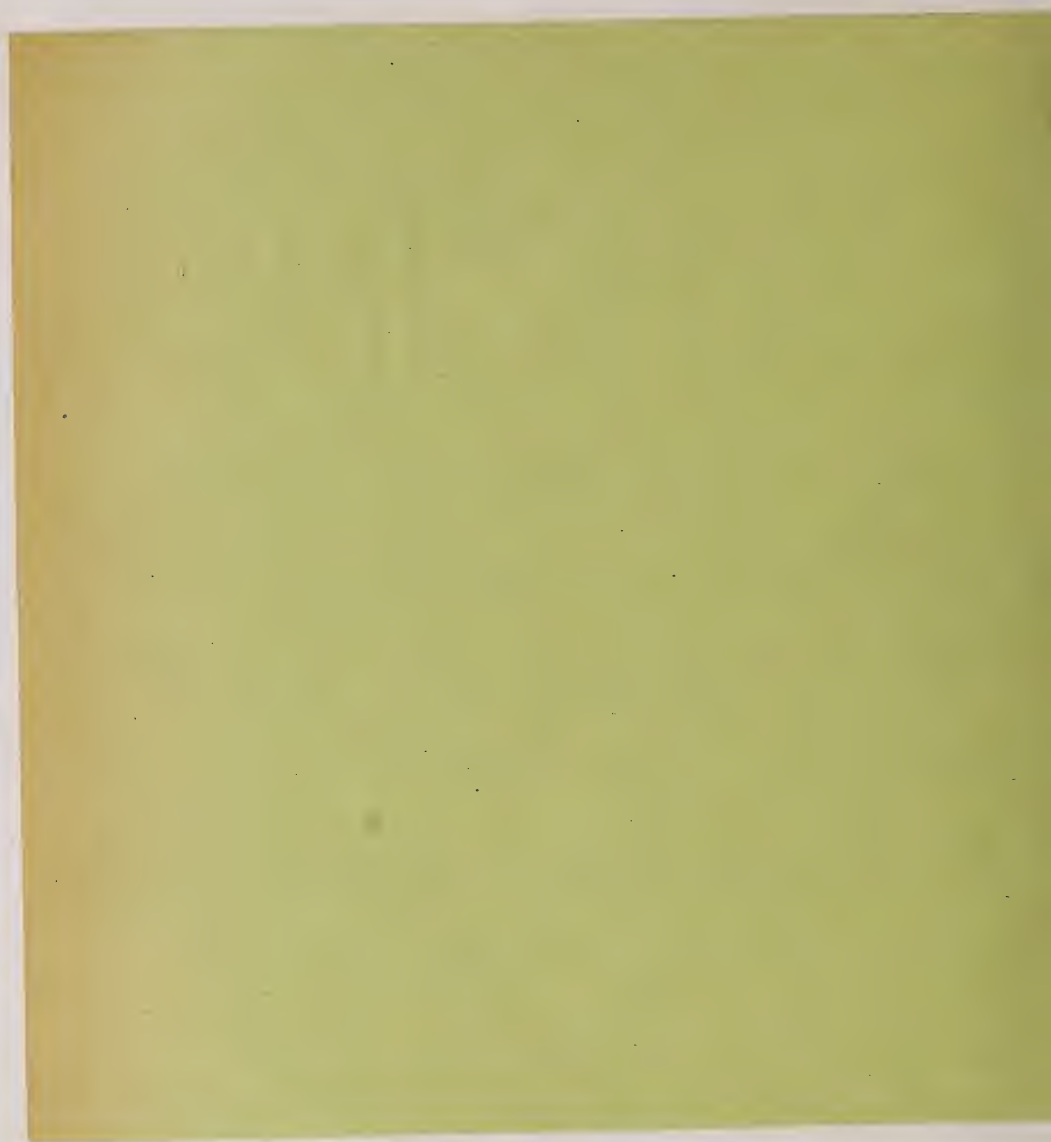

Is without doubt the most scientific preparation for cleaning & renewing all varnished surfaces either wood or metal. With little expense you can renew the interior of Banks, Offices, Stores or Homes without the aid of an expensive decorator.

A premium is given away with each bottle that is worth more in the ordinary retail way than you pay for the bottle. Ask your dealer for it. Send for list of testimonials. Manufactured exclusively by

KENORA

An incorporated town at the north end of the Lake of the Woods where the lake empties its waters into the Winnipeg river. The water power at this point is second only to that of Niagara, and is used in the operation of several large saw mills, a flour mill with a daily capacity of 4,000 barrels an elevator and other industries. It is the sectional division of the C P R 297 miles north east of Port Arthur and 133 east of Winnipeg. It is in the district of Rainy River of which it is the judicial seat. It has public and separate schools, 3 chartered banks, saw and planing mills, newspapers, gold and silver reduction works. It is the headquarters for the mining industry of the Rainy River district. Communication with the country bordering on the Rainy River by steamboat in season and horses in winter. The principal shipments are lumber, furs and berries. Assessed valuation of real and personal property over \$2,500,000. Ferry communication every two hours during summer with Norman 2 miles and Keewatin three miles west. Telephone, electric light, telegraph, express

KINGSTON

Is one of the oldest settled portions of Ontario being the location of the fort constructed by Frontenac in July 1673 to command the trade of the St Lawrence and the Lakes and it was long known by his name. Its growth was slow as a trading town until 1842 when it became the seat of government and rose rapidly in population being incorporated as a city in 1846. It is the fifth city of the province in population and is situated

in Kingston township. Frontenac Co of which it is the county seat at the head of the Thousand Islands and River St Lawrence where it issues from Lake Ontario. The Rideau canal also enters the lake here and furnishes direct water communication with Ottawa and intervening towns Kingston has good wharves and is well adapted for the building of ships and steamboats, the new government dry dock, costing \$800,000 is a model structure. The G T R passes about 2 miles north of the city and is connected by a branch line and the K & P R starting from here runs north until it forms a junction with the C P R at Renfrew and with the O & Q R at Sharbot Lake. In manufacturing Kingston takes a front rank for locomotives, steam engines agricultural implements, pianos cotton, hosiery, woollen goods, & leather. Municipal waterworks gas & electric lights Iron ore is being extensively mined and shipped by the K & P Mining Co whose general offices are here. It has an excellent school system comprising public and separate schools, 6 private schools one convent in which young ladies are prepared for commercial departmental diploma and several colleges the principal being Queens in connection with which is an observatory a museum and a library containing 14,000 volumes Kingston School of Mining and Agriculture, Royal Military College of Canada, Frontenac Business College and the Kingston Business College. The public school library contains 4,000 volumes and the library of the Public Library 5,000 volumes. There are several handsome public buildings, the court house, custom house, city hall, post office, banks, etc It is the most charitable city of its

size on the continent, having two large hospitals general and Hotel Dieu, 3 orphan homes and two homes for adults, all supported chiefly by donations from year to year It has 6 chartered banks, besides private enterprises and 2 daily newspapers the British Whig, and Standard both of which publish weekly editions. Canadian Freeman, and the Queen's College Journal published weekly. The British Whig also publishes two Anglican church newspapers The Ontario Churchman (monthly) and Church Life (weekly) The city is lighted with electric light and gas and has good water works and fire department and is supplied with electric street railway and during navigation, steam-boats for all parts of the lake system and the river St Lawrence call daily. Stages run daily to Newboro, 42 miles north and Napanee 25 miles west and in winter to Cape Vincent twice a week to Sydenham and tri-weekly to Gananoque and to Inverary 12 miles north east. Total Assessment about 8,250,000. Telegraph telephone, express. Distance from Toronto 161 miles, from Ottawa 115 miles, from Montreal 172 miles. Population about 19,400 James Stewart p m

The London Gas or Gasoline Engine

MADE IN CANADA

Some Points to Consider

EASY TO START
EASY TO OPERATE
EASY TO Understand

Right in Design
Right in Material
Right in Principal
Right in Workmanship

Few Working Parts,
Lug Bearings, Well Bal-
anced and Smooth Run-
ning, No Waste of Fuel
or Battery, No Wear on
Pump Between Impulses
Enclosed Crank Case,
Mechanism Running in
Oil, Gasoline Carried
in Base of Engine, All
parts strong, Simple
and accessible, A Perfect
Reliable Oiling System

No Tank No Fan No Freezing No Packed Joints

No Difficult Adjustment to make Jump Spark Ignition Four Cycle

Small Gasoline Engines are fast becoming a household necessity and to supply this demand we produce the "LONDON" designed and constructed to avoid the many annoyances so common to small engines.

In the manufacture of these engines we have used our best efforts to embody the smallest number of working parts possible maintaining all essential features necessary to make it a first-class reliable engine, easily operated by a boy or girl.

Every "LONDON" engine is thoroughly tested and regulated before leaving our factory and so far as adjustment is concerned, is ready to be put in operation as soon as the gasoline is furnished for the fuel tank, battery connections are made and the water jacket filled.

Any make of gasoline engine will run something—somewhere—somehow: the "LONDON" will run anything—anywhere—all right up to its rated capacity. It is always ready for all purposes, at all places, in all kinds of weather, all the time. Wind or no wind, winter or summer, you can always pump water if you have one of our pumping outfits.

The cut as shown is made from a photo of our "LONDON" vertical engine, which we build in three sizes, namely, 1½, 2½ and 5 H. P.

These engines contain more genuine points of merit than any other engine on the market. Other manufactures make this same assertion but we stand back of what we say with a written guarantee, which is embodied in our order sheet. The "LONDON" ENGINE is the result of years of study and experiment. It is based upon sound, well established principles and combines the best features of modern practice. It has no delicate or complicated parts and is as simple as is possible to make an efficient, reliable motor, built to do business. Write for full Description

OTTAWA

The capital of the Dominion of
 Canada, is situated on the south bank
 of the Ottawa river and is the county
 seat of Carleton county. The view
 from Parliament Hill reveals its com-
 manding position as well as its inter-
 esting surroundings. On the oppo-
 site bank is Hull the 3rd city of Que-
 bec in population, and to the west
 the Chaudiere Falls, the central mo-
 tive force of the lumber and other
 mills around and all the electric sys-
 tems. Two fine bridges connect
 Ottawa with Hull, below which the
 river is navigable to its juncture with
 the St Lawrence, 87 miles east.
 The Ottawa is one of the largest and
 most important rivers of the Domin-
 ion and flows 300 miles south west,
 then 400 miles south east in its wind-
 ing course to the St Lawrence, which
 it enters above Montreal. In its course
 it passes through several lakes, whose
 water it drains; and it is augmented
 by numerous rivers and small streams
 the principal of which are; The Gat-
 teau, Riviere du Lièvre the
 Coulange, the Petawawa, the Black
 River the Bonnechere, the Rouge,
 the Mattawa, the Madawaska and
 the Rideau. It flows through a forest
 region of red and white pine, and
 quantities of timber are cut on its
 banks and those of its tributaries.
 The city was founded in 1727 and was
 originally called Bytown, it received
 its present name in 1854. To the
 north the country stretches away
 until lost in the gentle slopes of a

branch of the Laurentide Hills rich in phosphates and other mineral deposits. In 1857 Ottawa was elected as the seat of Government for Canada and the erection of the magnificent Parliament and Departmental buildings was at once commenced the foundation stone being laid by H R H the Prince of Wales in Sept 1860. New Archives Bldgs, Geological Survey Bldg & Victoria Museum These buildings are very extensive and are handsome specimens of pure Gothic architecture, being the finest examples of that style on the continent. The principal manufacturing interests in Ottawa and surrounding places is that of lumber and paper the enormous output is shipped by rail river and canal to Great Britain United States and other countries It is the most important electrical centre in Canada and has splendid are and incandescent system, and an extensive and ably managed electric street railway. The Rideau Canal is a part of an inland system of navigation (from Kingston through Rideau lake and reaches the Ottawa River by a series of locks through the city which it divides in to "Upper and Lower Towns" This city with its unlimited and but partially utilized waterpower together with its unrivalled water communication by river and canal and ever increasing railway facilities affords important opportunities for the establishment of a variety of manufactories especially on account of its electrical facilities for which it is again indebted to its magnificent water power as well as its enterprising electricians. The city is well drained has a magnificent water works system and a effective fire department. The educational advantages which the city possesses

are exceptionally good. The University of Ottawa [conducted by the Oblate Fathers assisted by a competent staff of professors] is beautifully located and is a very prosperous institution Presbyterian College for ladies convent, the Normal and Model schools Collegiate Institute, public, separate and private schools afford ample provision for the training of youth. It has opera houses and other assembly halls, excellent libraries connected with the various literary and other societies, a public library and a goodly number of fine churches, edifices be longing to the Catholic, Anglican Methodist, Baptist, Presbyterian, Congregational Reformed Episcopal Lutheran & Catholic Apostolic bodies There are four daily newspaper, three English and one French, three semi-weeklies and several monthly and fortnightly periodicals. The city is easy of access from all points by the C P R the G T R, Ottawa and Gatineau Valley Railway which latter is opening connection with the immense rich mining regions in Ottawa county on the north of the Ottawa in the Province of Quebec, the Ottawa and New York and the C N Q Railway Distance to Montreal 120, Kingston 115, Toronto 256, Quebec 292, Halifax 978, Winnipeg 1,304 miles. Express, telegraph, telephone. Population about 80,000. J A Gouin p m

38 Ouellette Ave., Windsor

Ottawa Ladies' College

**One of the Best Schools in Canada for Girls
and Young Ladies.**

COURSES OFFERED—ACADEMIC. MATRICULATION, SELECTIVE. ART, ELOCUTION, DOMESTIC SCIENCE, PHYSICAL CULTURE. STENOGRAPHY, MUSIC (ALL COURSES IN CANADIAN CONSERVATORY]

CALENDAR AND PARTICULARS SENT ON APPLICATION

**REV. W. D. ARMSTRONG, M. A., D. D.,
PRESIDENT.**

We receive many letters of recommendation from parents and patrons. A few extracts follow—

One Writes:—"I am greatly pleased with the instruction given at the Ottawa Ladies' College"

Another:—"My daughter has nothing but praise for its discipline and management."

Another:—"It is very gratifying for us to know that our daughter is so well looked after as regards her health and studies."

Another:—"The home life and environment are all that can be desired."

Another:—"Your staff of teachers is efficient and painstaking."

Another:—"I shall gladly bear testimony to the excellence of the Ottawa Ladies' College as a teaching and training institution for young ladies."

of Toronto, on the Sydenham river where it empties into Georgian Bay and at the terminus of the Owen Sound division C P R and also the terminus of the O S branch of the G T R, Grey county, of which it is the county seat. It has the best harbor on the Canadian side of the upper lakes, the Sound being 12 miles long, 5 miles wide at its mouth and completely sheltered on both sides of its entire length, has good anchorage ground, and a depth of water sufficient for the largest vessels on the lakes. The river supplies power and it has woolen, flour, saw and planing mills, foundries, tanneries three cement works, large chair factory, and table factory, and other industries, a collegiate institute, public and separate schools, a public library, a town hall seating 500, 3 large grain elevators, one of which is the largest in Canada. Banks and 5 newspapers. Grain, flour, live stock produce and the products of the manufactories are shipped. It has good water works and a fire department and is lighted with gas and electric light plants owned by the town. Stages to Meaford 20 miles east twice a day 4 & 5 steamboats of the C P R Co run thrice a week to Fort William calling at the Canadian Soo those of the Northern Navigation Co and the United States and Dominion Transportation Co run to Sault Ste Marie and intermediate ports. Assessed value of real and personal property \$4,745,933 Business tax \$530 758 Income \$88,543 Bonded debt \$903 893,24, Rate of taxation 23½ mills. Telegraph G N W and C P R, telephone, express. Dominion and Canadian. Population about 12,000. G A Ross p m

PEMBROKE

An incorporated town, port of entry and excise office on the Indian and Muskrat rivers at their confluence with the Ottawa river which here expands forming Alouette Lake and on the C P R, also the Pembroke branch of the C A R, (G T R,) in Renfrew county of which it is the county seat. The river supplies excellent power, and there are flour, woolen and saw mills, scale works, also a large factory which makes lumbermen's supplies and other industries, a convent and high public and separate schools, a public library, a court house, three weekly newspapers, the Standard, Observer and Debut Post. Lumber, grain flour, lumbermen's supplies, scales etc are shipped. There is a town hall and fire hall. The town is lighted

with electric light and has a good fire department. The town is a centre for those in search of health and summer resort. Steamboat communication. The Military Camp of Canada at Petawana is within 10 miles by boat or train. New waterworks and sewerage costing \$90,000 owned by the town also 2 hospitals. Assessed valuation of real and personal property \$2 423,370. Bonded debt \$150,000. Rate of taxation 18 mills. Telegraph, telephone, express. Population about 6,000. W A Moffatt p m

PETROLEA

An incorporated town 160 miles from Toronto, located in the heart of the oil producing region of Canada. The Petrolea branches of the G T R & M C R R both terminate here.

It is in Eamiskillen township, Lambton Co 16 miles south east of Sarnia the county seat. The oil producing belt so far as proved extends from the north west to the south east for about 20 miles, with a width varying from 1 to 4 miles and an immense quantity of oil is obtained from the area, of which Petrolea occupies the centre. Ample facilities are provided for storing the crude oil by several companies who have storage for upwards of 500000 bbls in underground tanks. The total amount of the capital invested in the oil industry in its various branches is estimated to be but little short of \$12,000,000. It has foundries and machine shops, boiler works, flour planing and saw mills, large refinery, wagon factory, and pork packing house, high and public schools, 3 banks, a town hall, and 2 weekly newspapers, the Advertiser, and the Topic. Petroleum is the chief shipment. It has a good fire department. Assessed valuation of real & personal property about \$1,700,000. Population about 4,700. Telegraph G N W and C P R, telephone express Canadian and American. John Fraser p m

PORT ARTHUR

Port Arthur is a city of about 14,000 people, situated on Thunder Bay at the head of Lake Superior. It and the adjoining city of Fort William, five miles distant form a prosperous community. Port Arthur is the Upper Lake terminus of the Canadian Northern Railway and promises to be the great grain shipping points of the Great Lakes. The Canadian Northern Railway here has a mammoth elevator having a capacity of 7,500,000 bushels. Another

POR

AND BUSINESS DIRECTORY

POR

849

elevator here is the King's elevator which further increases the elevator capacity of this port. Port Arthur is built on high ground on the shores of Thunder Bay and to the Northward rises the magnificent promontory of Thunder Cape. Silver Islet, which is near Port Arthur, was a famous Silver Mine, but is now a summer resort for Port Arthur people. The Current River is in the vicinity of Port Arthur and is a spot of great scenic attractiveness while the famous Nipigon is a wonderful Salmon fishing stream. Port Arthur first became prominent during the construction of the Canadian Pacific Railway. It was then known as Prince Arthur's Landing, but in the year 1883 it received its present name. It is not an exaggeration to state that Port Arthur for many years has held and now occupies the leading place in Municipal Ownership in Canada. Its first efforts were brought into actual operation in a Street Railway between Port Arthur and Port William in 1892. This enterprise involves an expenditure to date of \$165,000.00, including equipment. The Electric Lighting Plant is owned and operated by the city at a capital cost of \$47,000.00. The water power of Current River is also a municipal asset, which supplies the needs of the city and also power which is sold for manufacturing purposes. On this development there has been expended \$199,000.00. The waterworks was installed in 1903 the source of supply being in Thunder Bay at a cost of \$430,000.00 which also includes a sewerage system that was built at the same time. The Telephone Franchise is also owned and operated by the city whose rates and service are in associ-

ation with the City of Fort William

PORT HOPE

An incorporated town, 63 miles east of Toronto, on Lake Ontario at the confluence of Smith's Creek with the lake and on the G T R at the junction of the Mid division with the main line in Durham county, 7 miles west of Cobourg, the county seat. The creek affords power and forms one of the finest harbours on the lake. The manufacturing interests consist of Standard Ideal Co, Ideal Clothing Co, Ideal Shoe Lace, flour mills, tanneries, breweries, foundries and machine shops, tile factory, Neckwear Co brick yards and canning factory. It contains a high and three public schools, also Trinity College school, a public library, a town hall, opera house, 3 banks, one daily newspaper the Guide and 2 weekly the Times and the Guide. Lumber, timber, flour and large quantities of grain are shipped. The town has a fine public park and is lighted with gas and electric light, has a good fire department and filtered water supply. Life boat station, hook and ladder

company. Total assessment \$1,600,000. Bonded indebtedness \$178,571.87. Rate of taxation 27 mills. Joint town and harbour debentures \$60,000. The steamers of the Richelieu and Ontario line call regularly, and there is a daily steamboat line to Charlotte N Y the port for Rochester. Telegraph, telephone, express. Population about 5000. THE RENFREW JOURNAL

THE RENFREW JOURNAL is an up-to-date local paper published at Renfrew, Ontario, each week by The Renfrew Journal Printing and Publishing Company Limited. It contains eight to twelve pages weekly of all home-set and home-printed matter of general interest to the people of the district, and it is always orderly, carefully edited and particularly well-printed. Its regular features include:- a full and fair review of the news of the Town, the County, and the District; a helpful page for the Farmers; a bright, useful page for the Home; an Original Editorial Page; the General News of the week; and a liberal Instalment of an interesting Serial Story. The Subscription rate is \$1.00 a year in advance.

Send for free sample copy.

G. A. MACDONALD,
Managing-Editor.

THE RENFREW JOURNAL

Has the most up-to-date and best equipped Newspaper and Job Printing Plant of any town in Eastern Ontario. Electric Power, Latest Model Linotype, Fast Presses and most modern series of Type. Mail Orders for printing given prompt and careful attention.

RENFREW, Ontario

A SOLID, PROGRESSIVE TOWN IN RENFREW COUNTY.

On the main lines of the Canadian Pacific, Grand Trunk and Kingston and Pembroke Railways.

Population, 3,400, and steadily growing.

A Market Town and the trading centre of a large prosperous farming district.

Its industries include: The largest Creamery in Canada; the big factory where the popular "Best" Refrigerators are made; Flour, Saw, Planing, Woollen and Knitting Mills; Woodenware factory; Brick and Tile Yard; Tannery; Limekiln and Stone Quarry; Cream Separator factory; and large Lumbering interests.

The Advertiser cannot cover Ontario without including Renfrew on his list, nor can he cover Renfrew and the County of Renfrew, without including The Renfrew Journal.

Surrounding towns and villages where no papers are published:—Calabogie, Shamrock, Stewartville, Burnstown, Douglas, Forrester's Falls, Castleford, Sand Point, Braeside and White Lake.

The Renfrew Journal is an up-to-date local paper, covering fully the news of the district each week and giving original and timely editorials and special features of interest. It contains 8 to 12 pages weekly of all home-set, home-printed matter, the advertisements are carefully designed and the paper specially well-printed. No objectionable advertising accepted at any price. Readers and advertisers alike given a "square deal."

The steady growth of the subscription list of The Renfrew Journal is proof positive of its favor with the best people of the district. Send for free sample copy and for printed advertising rate card. One price to all. Circulation statement and full particulars on request.

ST CATHARINES

An incorporated city on the Welland canal in Lincoln county of which it is the county seat. It has good railway facilities being on the main line of the G W division and on the Welland line of the G T R System the latter road running from Port Dalhousie on Lake Ontario to Port Colborne on Lake Erie. The Niagara St Catharines and Toronto Railway running from the centre of the city out through the out lying sections, through to Niagara Falls N Y passing through the towns of Merriton, Thorold, Stamford and Niagara Falls connecting with the Michigan Central, Can Pacific & Wabash Railway and the Niagara Falls, Wesley Park and Clifton Tramway, across the Upper Arch Bridge into Niagara Falls, N Y connecting with the International Railway Co New York Central. The Gorge Road, Park and River Railroad and all Niagara Falls local lines. The line also extends from St Catharines to Port Dalhousie on the Lake, running through the great fruit county between those points. At Port Dalhousie it connects by its own private boat line passenger and freight, with Toronto at which point connection can be made for the whole of Canada. It was incorporated as a city in 1876 and has several extensive manufacturing industries, flour, cotton and planing mills, saw works, furniture factories, ship building yards, foundries and machine shops, axe and edge tool works and wine manufacturing. 3 colleges, a collegiate institute, public and separate schools, a public library, 6 chartered banks, court house and county buildings, custom house, 3 daily newspapers. Flour, fruit, grain, produce, stone

and the products of the various manufacturing establishments are shipped. The city is lighted with gas electric light and natural gas and has an excellent system of water supply owned by the city, a fire department and electric street railway, which runs to the neighboring towns of Thorold and Merriton. It contains a general and a marine hospital, an orphan asylum and other charitable institutions. During the season of navigation there is steamboat communication with all parts of the lakes and the St Lawrence river. Assessed valuation of real and personal property about \$6,250,000. Telegraph, telephone, express. Distance from Toronto by water 34 miles by rail 71. Population about 12,000. E J Lovelace pm

SAULT STE MARIE

An incorporated town 440 miles north west of Toronto on the C P and Algoma Central railways. The latter road opening up a vast section of country to the north and on St Marys river in Algoma district of which it is the judicial seat and the location of the court house, jail and registry office for that section. It is situated at the foot of the rapid which obstruct the river navigation between Lakes Superior and Huron there being a descent of 22 feet in less than 1 mile. A canal on this and the United States side of the river enables the traffic to be carried on. There is also a water power canal on this side. It has Anglican, Cat

STEELTON

The Town of Steelton which was
 incorporated June 1st 1904 adjoins
 the town of Sault Ste Marie, and
 fronts on the St Marys River above
 the rapids in Algoma District. Pop-
 ulation about 2,800. In it are situa-
 ted the works of the Algoma Steel
 Co comprising three Blast Fur-
 naces, with complete equipment, a
 Bessimer Furnace and Open Hearth
 Furnace, and the Rail Mill, besides
 which there is a Charcoal Plant with
 complete appliances for utilizing
 the various by-products. An Ore
 dock with two travelling bridges for
 unloading cargoes. A commercial
 dock owned by the Algoma Central
 Ry for handling general merchandise
 and a Dock in connection with the
 Saw Mill for loading the lumber cut
 by it. Besides these there are the
 Saw Mill, the Veneer Mill, the Car
 Shops, the Brick Plant the yards and
 round house of the Algoma Central
 Railway and the car barns of the In-
 ternational Transit Company. The
 town has two public and a separate
 school and Presbyterian, Method-ist
 & Baptist churches. The public
 schools were erected at a cost of
 about \$23,000 and employ eight
 teachers. The town hall which was
 erected in 1906 and which together

THESSALON

An incorporated town on the C P R in Algoma district, 50 miles south east of Sault Ste Marie, the district seat. All the boats of the Northern Navigation Co., Algoma Central Dominion Transportation Co and the St Joseph Island Navigation Co call at this port. The Algoma Advocate is published weekly and there are two banks three saw mills, two planing mills. The town owns and operates their own water and light plant and has good fire protection. There are four churches, a

hospital a public library and a new public school erected in the year 1909 at a cost of \$22,000. The town has expended about \$10,000 in the construction of a sewer system and permanent sidewalks which are being extended from year to year. The bonded debt of the town is about \$40,000, and the assessed value of real and personal property is \$500,000 (nearly) Telegraph C P R, Express Dominion, Population about 2000 J B Dobie p m, C A Batson town clerk, Board of Trade W M Argue secy

TORONTO

The largest city and the capital of the Province of Ontario is beautifully situated on the shore of a spacious bay of lake Ontario in York county of which it is the county seat. Toronto has an excellent harbor, accessible to the largest craft navigating the lakes and which is perfectly sheltered by a long narrow island extending about five miles along the front of the city at a distance of about one on a half miles from the shore forming a safe anchorage ground. It was incorporated as a city in March 1834. The city is laid out with great regularity, the streets running north, south, east and west. In addition to its facilities for communication by water, Toronto is the centre of an extensive railway system the following railways either running through or having one of their terminals in the city. The main line of the G T R with its Midland Nip. N & NW and GW divisions, and the Canadian Pacific Ry, with its O V, the T G & B and the O & Q lines, and the Can Northern Ontario. It has excellent hotel accomodation among the best being the King

Edward, Queen's, Prince George, Arlington, Iroquois, Walker and Palmer. The King Edward located in the centre of the city is one of the finest and best appointed hotels on the Continent. Manufacturing of almost every description is extensively carried on. In the matter of education Toronto takes a high rank having located within its boundaries many large educational establishments, convents and private schools, musical conservatories, etc, all first class in their several appointments. The schools etc, belonging to the city, comprise a model school, a normal school, collegiate institutes and public schools, the total number of teacher being about 600 and 18 separate schools with a staff of 80 teachers. The Department of Education has a library of 9,000 volumes. The public buildings connected with the Government comprise the Parliament Buildings, a valuable library of 40,000 volumes are kept here, Government House, the official residence of the Lieut Governor, the Custom House corner of Front and Yonge streets, and the Post Office building on Adelaide street, the Asylum for the Insane the Central Prison. The Mercer Reformatory and Osgoode Hall containing the various superior Law Courts of the Province with a magnificent law library of 20,000 volumes the property of the Law Society of Ontario. There is an interesting museum attached to the Normal School containing specimens of school apparatus and furniture a valuable collection of Dutch, Flemish and Italian paintings etc. There is also the magnetic observatory and the principal meteorological office of the Dominion of Canada located in Queens Park and a public library

containing a large number of volumes being constantly added to as occasion offers. The principal civic buildings are the new Municipal and County Building erected at a cost of about \$2500,000 situated on Queen st west at head of Bay street. The Canadian Institute on Richmond street is an important scientific institution with a library of 4,000 volumes. The public buildings to be especially noted for their beauty of architecture etc are The Bank of Montreal and the Board of Trade Building, corner Yonge and Front, King Edward Hotel, King east the British America Assurance Co's Buildings corner Scott and Front streets, Building and Loan Chambers 13 and 15 Toronto street, Canadian Bank of Commerce, cor King and Jordan street Canadian Institute cor Richmond and Clare, Canada Life Assurance Chambers, 44 King west, Canada Permanent Buildings, 18 Toronto Central Prison, Rtrachan ave, Confederation Life Building, cor Yonge and Richmond, Custom House, cor Front and Yonge, Dominion Bank cor King and Yonge, Educational Buildings, St James Square, Home Life Building, cor Adelaide and Victoria, Imperial Bank, Wellington east Knox College, Spadina crescent, McMaster Hall, Bloor west, Manning Arcade, 22-28 King west, Manning Chambers, City Hall Square, Mercer Reformatory, King west, North of Scotland Chambers, 18 King west Ontario Bank, cor Scott & Wellington Osgoode Hall, Queen, head of York, Provincial Parliament Buildings, Queen's Park; Post Office, head of Toronto; Quebec Bank cor King & Toronto; Queen City Buildings, 24 Church; Union Bank, King west St Michael's College, St Joseph

HURLEY PRINTING CO., Brantford, are the
Binders of this Book. We can bind Yours of
any Description.

This young lady is the champion typist of the world. She has won the title in eleven successive contests

She is a graduate of the Kennedy School

This young man is the champion typist of Canada. He is one of our graduates and learned typewriting at the Kennedy School

Typewriting is one of the subjects we teach at the Kennedy School. We teach also shorthand ; bookkeeping ; writing ; business arithmetic ; commercial law ; modern office systems ; spelling ; correspondence, a complete business education.

**THE
KENNEDY SCHOOL
TORONTO**

see other side

A. M. Kennedy

"During the past twelve months we have received over 1500 applications from business men for stenographers, book keepers and other office help.

Every Kennedy School pupil is absolutely certain of a good position as soon as he is able to fill one

The cost of a Kennedy School education is small - \$10 a month, special rates for longer

terms.

The Kennedy school is for those who want better results than business colleges give.

We have some interesting booklets which you may have free upon request. "Winners" tells how we have won every typewriting contest of importance held in recent years. A postal card request will bring them"

**A Great School—Great in Reputation, Equipment,
Thoroughness, Influence and Results.**

The moment you pay your fees in our School that moment our interest in you increases and your progress is carefully watched until you graduate. Even then our interest in you does not wane for we like to place every graduate in a position. Students may enter at any time. Our College is open the entire year.

ELLIOTT
Business College

COR. YONGE AND ALEXANDER STS., TORONTO, ONT

Phone No. 2419. Write for Handsome Catalogue W. J. ELLIOTT, Principal

One of the largest and undoubtedly one of the Best Commercial Schools in the Dominion. Our reputation for high grade work is well-known throughout Canada and the United States, and we protect this reputation. All Graduates are absolutely sure of getting positions. Hundreds of students who did not graduate have secured positions this year.

The James Stewart Mnfg. Co.

WOODSTOCK, ONTARIO

LIMITED

Humid, Healthy Heat

Scientists tell us man originally lived in the water. Be that as it may, health still demands a plentiful supply of moisture in the air we breathe, as well as in the food we eat. The commonest cause of colds, sore throats pneumonia and similar troubles in winter is the over-dry, over-heated atmosphere of so many furnace-heated houses.

Of course the average Furnace gives off heat—that's what it is for—but what kind of heat - mostly a dry, parching, snuffing heat that cracks your skin and affects your lungs and throat and makes you feel "chilly" in spite of an overheated house.

It is MOISTURE that is wanting in the air—real natural humidity of the outside atmosphere - and the ordinary Furnace is not built to provide this moisture.

The Solution Lies in the "Good Cheer" Circle Water Pan

A good big water pan—not a mere makeshift—placed in a position where the water can be best evaporated, evenly distributed, breathing refreshment and "Good Cheer" Air over the whole house

The "Good Cheer" Furnace gives a natural, humid heated atmosphere which is perfectly comfortable at 68 deg. and as healthy as it is comfortable.
